WorkCover Refund Audit

Tick the boxes to indicate which of the following statements apply to your company.

Our company:

- ☐ has not had an independent audit of our WorkCover insurance in the last 12 months
- ☐ employs 10 or more employees
- ☐ engages 1 or more contractors on a regular basis
- ☐ employs apprentices and/or trainees
- ☐ is grouped with other companies (such as parent or sister companies)
- ☐ is a non-profit organisation
- ☐ has more than one workplace

What does a 'YES' answer mean?

If you answered yes to **ANY** of the above questions you need to consider an independent audit of your WorkCover insurance. You might be overpaying and could have been doing so for years.

Here's the good news:

If you've overpaid in the past, we get you a REFUND. In less than 15 minutes we can diagnose the extent of your refund opportunity. In fact, this is how confident we are: **if you don't get a refund, our work is FREE.**

Contact Us Today

Employers call the WorkCover Refund Audit a "no-brainer". Seriously, who wouldn't want to receive a cheque in the mail?

Contact us by phone or email to book a free 15-minute discovery call and turn your WorkCover premiums into profits.
